NEW PATIENT PERIODONTAL DISEASE INFORMATION

Thank you for scheduling an appointment with our office for an examination and consultation. We are accepting new patients and are committed to doing everything possible to provide you with high quality, state of the art dental care while making your visit to our office as pleasant and as comfortable as possible. During the initial visit we will attempt to answer all your questions regarding your periodontal status.

In order for us to perform a thorough examination, and to give you the best advice concerning your dental health, we must have a complete series of recent, high quality x-rays. If your own dentist has taken a set, we will call and ask that they send your x-rays to us, unless you will be bringing them with you to your visit. If your dentist does not have a current or diagnostically sound set of x-rays, our office will have to take them at the time of your first visit.

If you have dental insurance, please bring your insurance card with you to your visit. We will be happy to assist you in obtaining a pre estimate for therapy and give you a form to get reimbursement through your dental insurance company. **Our fees are payable on the date of service.**

If you must change the appointment in the event of an emergency, kindly let us know at least 72 hours in advance. Please be advised that we typically do not reschedule new patient appointments if they are broken within 48hours for non-emergent reasons. Our office will reach out to you to confirm the appointment ahead of the scheduled date and time, please be advised that failure to confirm the appointment within 72hours may result in cancellation and may only be rescheduled at the discretion of the doctors.

We look forward to meeting you and helping in any way possible to maintain your oral health. If you have any questions, please feel free to call our office.

Sincerely,

Dr. Anthony C. Vigliotti, D.M.D.

Dr. Frank A. Vigliotti, D.M.D.

P.S.—Please complete the enclosed health questionnaire. The information is very important and, of course, strictly confidential.
